New Laws introduced mean you can no longer send your waste to landfill, it has to be treated and recovered and if you carry waste in your vehicle in conjunction with your business YOU by LAW require a Waste Carriers Licence. At Mitchell's we can accept your waste at a cost comparatively cheaper than hiring a skip, we can then help you make sure that you and your business comply with Environmental Law. We accept Cash, Credit Cards and Business Accounts. Call Steve or Richard for further information.
